HI!
We are partners in photography 1 male / 1 female with a private studio!
looking for females 18-45 (couples are also ok for shoots if 18-45) subjects willing to pose in lingerie or nude with plain studio background and/or artistic photos with different backgrounds.

As compensation you will receive free edits of the photos(some photographers charge up to 60 per photo. our volunteers can expect 10-50 photos edited. You can use them in your profiles portfolio ect if you need photos like this or you can give them to your spouse boyfriend/girlfriend as boudoir photos

pictures are not necessary for us to reply to you. Like some of these ads that are trying to get photos of unsuspecting women. only send a reply (or question) with what you want to/are willing to do in a photo shoot. if you want a female to photograph you or male let us know ahead of time or if it doesn't matter. We want to make you as comfortable as possible.
and if possible a number that you can be reached through by text or calling.

Skype may be used for us to "meet face to face" before a shoot for security purposes!

tattoos / piercings / colored dyed hair are a plus but not required.
all body types are welcome

our purpose for this is to add to our growing profiles in this field of photography

if you have any ideas we would love to hear them!

If you would "purchase" a photo with your eyes only, photo for your husband/wife girlfriend/boyfriend and boudoir photo or strip tease photo please contact us for a quote.

We have a private studio, we can travel to you and we can meet at a location of your choice for shoots.
