Like most homeowners, you probably have that growing list of small repairs and touch-ups that you'll get to "some day." We can make that day today, and accomplish in one day what might otherwise take you several weekends. Whether it is repairing damaged drywall, touching up trim, adding accent walls or changing the color of a small room, our painter is at your service to accomplish the items on your list efficiently and professionally.

As a full-service house painting contractor, we delight in serving our customers, no matter the size of the job. Our Painter for a Day program includes:

Attentive service from an expert painters
8 hours of quality craftsmanship
A fully-equipped company vehicle with all necessary equipment

Our painters are highly skilled and knowledgeable in all of the following areas:

Wallpaper Removal & Installation
Faux & Textured Finishing
Drywall & Plaster Repair
Power Washing
Interior Painting Specialists
Interior Wood Finishing & Restoration (Stain, Varnish & Lacquer)
Exterior Painting & Repairs
Exterior & Interior Wood Repair & Maintenance

Each painter can paint approximately 375 sq feet of production per day. That's 2-3 rooms per painter on average. We cannot guarantee that production on each job because ceilings, trim. multiple coats, wall repairs can take away from the overall production. We do guarantee your satisfaction. We do not ask for a deposit you pay when you are happy with the painting performed in the 8 hour workday.
