QR Code Link to This Post It's just like having your own apartment except the kitchen is downstairs. There's even a balcony in the big room. fully furnished. One room is set up like a living room and the other like a bedroom. I live downstairs with my girlfriend and there are 2 other room mates . We all work as a team to pay the bills and keep the house going. I am looking for a honest, respectable, responsible hard working person. There is no drama or bullshit here. No drug or alcohol abuse I am not a landlord. I am trying to keep the house since my dad died and make ends meet. You will be living in our home with us therefore I am very selective about who stays here. If you are interested call Jonathan
