QR Code Link to This Post CKC Reg. Male Shih-Tzu for rehoming. Luke is almost 2 years old. He is very sweet and loving. Crate trained and puppy pad broken. However, he does like to mark things occasionally when you're not looking. He wears male wraps (male dog diapers) in my house and does great with those on, doesn't try to take them off. He is up to date on all shots, rabies due in January. Not neutered. If interested please let me know. Rehoming fee .
