

Industrial or Warehouse space needed

Location **Wisconsin**
<https://www.genclassifieds.com/x-257534-z>

Searching for an Industrial or warehouse type of space to open a small brewery with a tasting room. Our hours will be limited, there will be no food service or kitchen, and we aim to be community/neighborhood compatible. We are hoping to find a property located in the East side or Brewers Hill area, Third Ward to Fifth Ward/Walkers Point, or Bay View. Looking for at least 1800 sq. ft. and up.

The wish list would include:

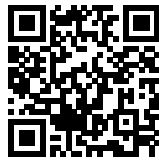

- bathrooms that are ADA compliant or can be adapted to accommodate
- garage door/doors
- floor drain/s
- water and sewer service
- ADA accessibility

Have an open and creative group that will consider all.
