

Mahogany Duncan Phyfe Double Pedestal Dining Table Antique (40 USD)

Location **Washington**

This Duncan Phyfe style double pedestal table needs some TLC! It has some scuffs, scratches, is missing its brass feet, and is a little crooked. I've tried to take these factors into consideration for this price but I may consider offers if it's still here by the end of January. It measures 44" long, 32" wide, and 30 1/2" tall. Thank!
