Waterskiing (Wasilla)

I was flying over Wasilla Lake and saw the slalom course set up in the upper lake-anyone know whose this is? I'm working in the area and would love to find some waterskiiers I could tag along with! I'm by no means a pro, but I can certainly hold my own, have worked pulling skiiers, and know the difference between being pulled by bayliner and a nautique (though I'm no snob, and am happy to just be up). I've never skied on a course, though have always wanted to. Mostly I'd just like to get out on the water and get in a few turns. I don't have my own equipment (I'm from the east coast, and that's where I've skied before), though would be more than happy to help out with gas if I could come along. I'm a 29 year old guy who's easy going, works days and is free evenings. If this is your course, or you also love to get on the water when it's flat calm, please let me know. I'm happy to contribute how I can-gas, beer, both, just let me know. Thanks,
