Group therapy and support sessions now formed, looking for licensed Therapist to lead and assist the group with healing, touchy feely groping, accupuncture, Chinese water torture, and purple herb incense burning. We need your help to get to the next level. Please RSVP ASAP. Many in our circle can't seem to let go, to forgive, to move forward, can't stop aggravating Dallas with absurd and senseless stories of some chick who's happiness is cosmetically (I think I mean cosmically?) bound to a "happier childhood" when her parents loved each other and the world was beautiful, yeah really beautiful man, I mean can you dig it? Like wow, man, it was SOOOOOOOOOOOOOOO cool then, you know? Then this shit ass closed some cornball restaurant and blew the whole deal, HELL! And to make it worse this "manager" but we think he was lying, promised this little chick some old bar towels from there, but then that dick reneged and wouldn't come across. He was real mean about it too! Anyways that just RUINED it for us all! Cause we were supporting her! And now look, her life is RUINED. Did I say that already? Please help if you can, for crissakes.!
