This is a very nice example of what is well on its way to becoming a classic. It gets attention everywhere I take it! It runs and drives well and has plenty of power for towing too. The A/C and heater work as does the 4wd. The interior is in great shape for its age and presents well. The body isn't perfect, but it isn't that bad either. It looks great and not afraid to use it as a real work truck either! It has a 4" suspension lift and 33" tire and wheel package. It also has straight 3" exhaust.

New parts recently installed include:

Front brakes and rotors
Tie rod ends
All steering linkages
Steering gear box
Starter
Cam position sensor
Glow plugs
All return fuel lines
Fuel filter

I have an ATI turbo kit that would go with it at the asking price. Otherwise, we can work something out.

Please hit me with any questions.

Thanks!
