Plz read my the whole paragraph: My name us Shanell Robinson and Im 13 years old. You may be reading this and saying shes to young to babysit but i am a very responsible young lady and some parents would like to have a younger babysitter just like myself because the can connect with your children better because they are closer to there age group, I have many ideas to make my night of babysitting your child the best night they could possibly have.Im a very good cook just like my mother taught me to be and if you are rushing out your home and dont have enough time to cook dinner I would not be afraid to make a good dinner for your child before they go to bed. I will babysit your children for a low price of $5 per hour.I only babysit from 4:30-9:30 pm. If you are intrested in me babysitting your child just call:

!
