QR Code Link to This Post I'm a local artist interested in doing a full body airbrush body art parinting. This is a non paying gig but it will be a rewarding experience and useful for an upcoming model's portfolio.

Model must be female with a thin figure that is willing to spend approximately 1-2 hours being painted. Any model interested please reply with:

Name
Age
Ht.
Wt
Bust/cup size
Hair color
Recent photograph.

Must be available to meet after 6pm. I'm available this week, but we could negotiate other dates as well. I usually get about 20-30 responses to this post, so please be patient with me on responses. no applicants with dark skin need apply, simply because of the visibility with airbrush paint.

attached are some examples of what I would could be.
