

Custom computers for gaming or entertainment (Crismon and Southern)

Location **Arizona**
<https://www.genclassifieds.com/x-257783-z>

I specialize in custom computer builds and modifications.
 I will do anything from basic internet and media machines to high end water cooled gaming rigs.

Available services include but are not limited to:

- Custom machines built for any purpose.
- >Tech support included, I stand behind my work!
- Hardware and software upgrades.
- Custom chassis lighting and modification.
- Water cooling systems (Self contained and custom loops).
- Custom cable sleeving.
- Expert cable management to provide maximum airflow.
- Bitcoin/altcoin mining rigs.
- Xbox 360, Xbox One, PS3, and PS4 controller modification.
- Modify and replace controller buttons and cases.
- LED lighting modification. Some or all LED's can flash with rumble as well.
- Light modification excludes Ring Of Light or other surface mount LED mods.

---> SAVE MONEY OVER NAME BRANDS! <---

I use better quality hardware than comparable retail systems from Dell, Gateway, HP, etc. without the cost of the name!
