Hi. I'm Chris. I'm a music teacher. i play/teach the violin. I play several other instruments as well. I can teach children or adults, do not require you to purchase music books, and will teach applicable music theory according to your goals with your instrument. I can teach from my home in east atlanta or come to yours. The lessons are \$25 for a one hour lesson. The price may be lowered per person for group lessons. My lessons are effective and enjoyable and I hope to teach you.
