This is an Ipad2 with 16 gb of storage. It has one small crack across corner of screen but does not affect the operation at all. It comes set in an Adesso bluetooth key board that was \$85.00. I do have the other buttons missing in pic but i have to locate them in my house. I am willing to meet within 10 miles of north columbus and my price is firm. Thanks and have a blessed day.

Forgot to mention this is a Verizon cellular capable ipad as well as just.
