I'm looking for someone to help translate a facebook conversation between 2 people.

I will give you the document. It says there's about 2,000 words, but 70% of it is just their names, dates, and times, so the actual text may be closer to around 500-800 words.

Will pay \$10-20 depending on quality!

Want to get this translated asap, within the next couple hours if possible!
