Hi there,

I am posting this ad for my mother who is 49 years old and a stay-at-home mom. She is a mother of 4 grown up children of which two are married, one off to college, and one staying with her. She speaks and understands English. She is available to babysit from her home in Mill Valley. In her apartment complex there is a wonderful playground where she can take the kids to play. She is caring, responsible and trustworthy. If you have any further questions, please don't hesitate to e-mail me..
