DC is a place where many people learn all sorts of languages. Arabic seems to be one critical language that continues to be important for jobs with various government entities and not for profit NGOs. I can work with you to learn the MSA (Modern Standard Arabic) and/or we can work on your regional dialect if you have to work in one specific country.

I have tutored people in Arabic (Classical, Egyptian, Syrian Lebanese, Jordanian and Palestinian) My students come from all walks of life. I Like to hold one to two hour sessions a week where we practice. Nothing more than, and give you homework as you wish.

I have helped students pass their tests and exams for government jobs and for classes--GWU and GTU. I love a good challenge.

Tutoring is my passion, it started when I taught Arabic in American college for 4 years.

Email me and share your learning goals with me to see if I can be helpful to you.

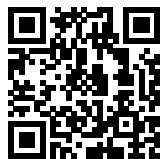

My rate is the standard rate \$30 per hour/session.
