Little People Home Daycare

COME JOIN US NOW ACCEPTING ALL AGES FT & PT!!!!!!!!!!!!!!

Hi ,

My name is Stephanie, I was a nanny for many years when I decided to do it in my own home. My goal is to make your child feel just as comfortable as they would feel in your arms in your home!!! I remember how hard it was leaving my little one at daycare every morning when I left to work. It broke my heart!!

I am a home child care provider for infants, toddlers & school aged children ready to provide a great loving and learning environment for your children!!

Over 12 years of nanny, daycare and in home experience with children of all ages, twins & triplets. Experience with special needs children with learning disabilities, ADHD & autism. I am a mother of three older children one of which has had a learning disability & ADHD since he was 3 years old and is now going on 13.

I've always felt in home daycares give more one on one attention to our children which is why it makes me happy to provide these services to other families.

*I provide lots of love and care to every child that comes into my home as if they were my own. I've learned children feel more comfortable being away from home when they are in an environment where they are comfortable and feel just as loved as they do at home.

*Lots of indoor activities such as learning ABC's, Numbers, counting, shapes, reading, circle time, drawing, painting, arts & crafts, story time, play time, games, name time, & Birthday parties if parents allow of course!

* Fenced in backyard which will provide lots of fun safe outdoor activities!!

I can also provide parents with 24HR TRAINING for the parent I know you need it cause

I will provide nutritious and delicious breakfast, snacks & lunch

* I am a R, A, D, L & Firt Age certified

I can provide lots of references

If you have older children bring them as well, I have a 8yr old daughter and two boys 11 & 13 yrs old who hangout at home after school.
