Location **Mississippi**
<https://www.genclassifieds.com/x-259463-z>

I have 2 acres for sale. It is zoned for a mobile home or you could build a small house. Mobile home on property is to be moved in the next few days. Has a well and septic tank and power pole for a mobile home. A small shed is also on the property and included. I will include pics in a few days. Property is not wet and has some nice trees fronting a paved county road and has wooded buffer on both sides by neighbors. Back side of property is forestry land. Tax rolls has it appraised at 20+k, I will entertain any reasonable offer for CASH. Property has a clear title and no leans. I am ready to sell but I do not have to. Might consider small partial trade.

It is located on Billy Road in Saucier.
