Here at Swiatek Collision Center, we value our customers and their vehicles. We do not believe in the "slap it together and the customer will never notice" theory. We want the customer to be just as satisfied with the job as we are. We want your vehicle to look like it was never in the accident to begin with (heck even better than before). We are meticulous on our auto body work and we don't take short cuts. Our paint is guaranteed to match and last against peeling/flaking as long as there is no rust behind it. **QUALITY** means more to us than **QUANTITY**!

We have over 20 years experience in the auto body industry along with numerous ASE certifications. We are constantly keeping up with the new trends in the industry by attending seminars, classes and meetings. We also have a very personable staff that always puts the customer first.

We currently offer many services including:

- 1) Complete painting & auto body repair of ALL makes & models
- 2) Glass repair (rock chips) & replacement (including semi, tractors and buses)
- 3) Fiberglass repair
- 4) Tractor part painting
- 5) House door painting (among other household items)
- 6) Sell & install B & W Hitches
- 7) And of course, insurance work is always welcome!!
