If you're tired of the rinky dink Office Depot \$50 faux leather desk chairs and want to upgrade to a business quality task chair, this is the one for you. The chair is heavy duty and will last forever. I've had it for several years and it's phenomenal. You can't get these anymore, but they used to retail for \$800 and this one is in perfect condition. The seat is covered with a heavy duty fabric that won't stick to you on hot days or stain. I'm moving and can't take it with me, so let my loss be your gain.
