My name is Paul Randall My number is

I have been in the plumbing and heating business for 28 years I owned Calendar Heating Service for 15 yrs I can Install a gas 40 gallon water heater in for you for \$850 (eight hundred and fifty dollars) parts and Labor , (Bradford White water heater) Is the brand I try to use unless its a weekend then it might have to be GE , please see what size you need you tell what size you need is on the tag on front of your water heater it will tell you how many gallons it is , most houses use 40 gallons and measure your water heater from bottom to top only the round part not the smoke pipe this will tell you if you need a tall or short one , a few other little parts you will need is a hot water heater tee that is called a 3/4 inch female by 1/2 inch female by 1/2 inch copper tee also a 3/4 inch female by 1/2 inch copper adapter and (2) 1/2 inch copper couplings and (4) 1/2 inch copper 90s

So if you spend \$400 on water heater and parts \$200 on me that's \$600 if you want a permit that will cost you whatever your town charges plus a \$50 dollars for me (please pick up a plumbing permit application at your town hall plumbing inspectors office before I get there if you want one filed) if you don't want a permit you will spend about \$600 dollars and be SAVING about \$400 to \$700 dollars because most companies charge \$1,000 to \$1,300 dollars for a complete 40 gallon water heater install, call around if you want to check to see if I'm right so by doing a little work yourself (measuring and ordering your new water heater and having it at your house if you can't get it into basement alone wait for me and I will help you ) also I will take your old one away for free so call me at my name is Paul Randall I'm from Everett Ma. I've never been a politician but I was born and raised in Everett Ma. I'm 47 years old I care about my city and want to make changes so I am running for Mayor of Everett , please vote for me for let your friends that live in Everett know that Paul Randall is running and will have an open door policy when elected till then I will continue to do what comes natural fix and install heat and hot water systems I am in a family with 4 generations of heating technicians a working class family and very
