We love our family of rescue cats, but due to our need to relocate to Seattle for employment, we sadly must re-home some of the kitties

ANNABELLE was adopted from the Franklin Road PetSmart store in 2006 and is the youngest of our kitties at the age of 9. She is feminine and lady-like with very soft fur. She is curious about other pets in the house, but keeps her own countenance. While she is not a lap kitty, she likes to follow her people around the house -- especially men.

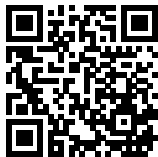

A note about the picture -- Annabelle does not eat plants, or dig in the dirt -- she had just found a comfortable place to take a nap. Annabelle is an inside cat.
