Hello,

In my last year of school, I'm looking to do two things:

1. Do a "BFF-style" photoshoot with my bestie. This is where the sense of humor comes in, though; because my bestie is my musical instrument.

Crazy, right? But as a musician, I had this random concept that perhaps I could document my passion for music while also being slightly ironic and poking a tad bit of fun at the typical engagement or stock-photo shoot. Ideal candidate would be well-versed in a variety of photography styles, be intrigued by my concept, and quite possibly a fan of 9gag-esque humor. This may or may not involve hopping a few fences just to get some interesting shots. Are your creative juices flowing? Good.

2. Do a "normal" senior photoshoot every month through graduation. This is a stressful time for me, but as the seasons continue to change and lead me up to that big day, I would love to capture it in some way, including having you present the day of graduation so I can get a few professional quality photos in my gown. This gig would require a style that is very wispy, soft, and natural-light based. Quite opposite the gig above. (Note: I'm actually crazy camera-shy. You'll have to bear with me.)

For both sessions, I would want ALL unedited photos on a CD. Also note that these two gigs can and

may overlap. They don't have to be exclusive. I'm looking for someone who is creative and quick to please send me some photos and a link to your portfolio which you can use as a reference (or not) for my vision. I'm looking for both of these things please don't be offended if I don't hire you, it may be my idea that you will change and not work out so well. I have some favorites below for ideas on what I'm looking for.

Speaking of price range: If one of these gigs COULD be paid, however, as a student I'm obviously short on cash most days (meaning every day). If we could work something out to lower and/or eliminate costs and have these shoots simply be for your portfolio that would be AWESOME. I can provide the CDs, buy you coffee afterward, do a post on my blog, like and promote your business on Facebook and all that god stuff to make it worth your while.

Hit me up! I'm super stoked! I think this will be a great experience for both of us. :)
