Hi I would like to provide a cheaper alternative to remove snow, I have a shovel and alot of ambition to meet your wallets standard to clearing driveways, parking spaces, walkways and any other place you need to be cleared of snow. I have alot of experience with getting the job done fast and efficient and providing customer satisfaction. I can be reached at and am willing to negotiate prices over the phone without an estimate, the only information I require is what kind of area you are looking to clear example: driveway, walkway etcetera. I would have to walk to you but am willing to at no extra cost to you, this is a service not a business. Im looking foward to helping you please call, it will be the best deal you will find to remove snow from your property.

Thank you.
