Added comfort with contemporary style is the leather interior to heighten the quality and craftsmanship for the Jeep Cherokee More information about the 2014 Jeep Cherokee: The Cherokee is a compact SUV competing with vehicles such as the RAV4 and the Honda CR-V. Unlike its competitors from Toyota and Honda, the Cherokee has been around for a long time and has steadily built a reputation for ruggedness and off-road ability, all without

forcing buyers to break the bank. The 2014 Cherokee maintains this tradition with competitive pricing and a lot under the hood. While the Cherokee and its competitors are built to be used with all-terrain tires, the Cherokee can also be equipped with more hardcore off-roading equipment such as a locking differential. This Cherokee is itself loaded with available off-road drive, rock, and bold styling. So if you're looking for a rugged and fun to drive SUV, the Cherokee is the one to go for. At Siemer Auto Center, we have the best and most competitive financing and leasing options available.
