Hi there...

I'm selling a 40 gallon breeder aquarium 36"L x 18"D x 16"H . The aquarium is about a year old is perfectly capable of holding water for fish or turtles. The tank would also be great for a rat, hamster, hedgehog or many other pets.

The tank needs to be rinsed, but other than that has no scratches or issues. The tank comes with the screen top used for heat lamps or light fixtures.

The tanks are \$109 new and the screen is \$30 new.

I'm asking \$50 bucks.

Shoot me an email to come see it.

Brian
