

# Looking for Illustrator (Fargo)

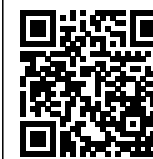

Location **North Dakota**  
<https://www.genclassifieds.com/x-260782-z>

Looking for a freelance Illustrator. I have two immediate jobs. One a children's book and one a clothing design. Looking for a fun, unique, eccentric person to work with. Pay can be per job contracted, or percentage of future sales.

Photoshop experience would be a plus or some sort of graphic computer design for the clothing line. The companies I work with need the images to transfer into Vector files.

The children's books are going to follow a fun, wacky learning path so I haven't a clue what we can come up with so send some drawings! We will take it from there!
