IMPORTANT READ THE AD OR I WILL IGNORE YOU. I will not let my baby go to the 1st random person so don't get excited. I bottle fed this baby from 72hrs old. She has been fully indoors and she fully expects to be in your bed or on the couch wherever you sleep. She has been raised around large and small dogs cats and has been around kids. There is NOT 1 AGGRESSIVE bone in her body if one of the other dogs snap at her if she's doing something wrong she screams and runs she's had most of these terrifying lessons in life taught by a 1.5 pound Chihuahua. She will not be a large pit will be on the short stalky side. Right now she's hit a....awkward puppy stage...her ears and head are kind of big but she's still cute. She's 7.5wks old dewormed 3times and received her 1st shot. HER REHOMING FEE IS \$50

No trades.

LIST OF DO NOTS!!!

- 1.Do not email me if you plan to throw her in the back yard and deff. Not if you plan to use a chain.
- 2.Do not email me writing like a "thug" I won't even bother reading it.
- 3.Do not ask me about her bloodlines if you are that concerned about them I will automatically assume you plan to breed and or attempt to fight her
- 4.Do not email me if you want to breed her she has no papers and there are way to many pits out there running the streets or in shelters they are over bred.
- 5.Do not write me if you want to fight her b.c again she has no aggression and she will loose every fight and I'll be damned if she becomes a bait dog.
6. Do not assume that if I agree for her to meet you that you are deff. Getting her if I get a weird feeling or simply don't like you I have no problem loading her back up and leaving you puppyless wherever it is that we meet.

If this is to much for you to read or you think I'm being to picky let me correct you I'm being safe and looking for her perfect safe home. You don't like it there's plenty of other pit pups listed feel free to move on.
