

LabGreat Dane Puppies (Smiths Station)

Location **Alabama**
<https://www.genclassifieds.com/x-262312-z>

I have 3 female Lab/Dane pups for rehoming. They were born Dec. 19, 2014 so they are 6 weeks as of 1/30/15. They have been wormed twice so far and will be wormed again on 1/30. They are socialized with children and other animals. They are using puppy training pads for potty quite well as well as going outside. We are asking a \$50 rehome fee as we want them to go good homes. The mother is 1/2 lab 1/2 Dane and father is pure bred Chocolate Labrador. I will also be rehoming the mother so if u are interested in her let me know. Thank u for.
