Have a custom design or want a true to the original or tweaked replica?

Custom, hands on guitar & bass luthier making guitars for every kind of player and style their playing.

Working closely with customers, reaching from industry names to hobby shredders.

No design too crazy, have the guitar YOU always wanted.

Have a guitar that's going to leave an impression and last you for a long time.

6,7 & 8 strings no problem, the best parts ordered directly from the makers.
