

Models needed for AdsCovers etc.

Location **Vermont**
<https://www.genclassifieds.com/x-279270-z>

Local photographer seeking models available on sometimes short notice to shoot images for magazines, book covers, album artwork. Assignments are posted publicly and images are submitted in an open competition. If the image is selected payouts vary by client from anywhere between \$170 to over \$3000 per image.

Models will earn 40% of the total payout if our image is selected, and no compensation if the image is not selected. Often turnaround time from posting to submission deadline is a short period of time of 3 days or less, so being available on short notice is important.

Compensation split between photographers and models for shots requiring groups of models will be negotiated prior to the photo-shoot.

Seeking to make contacts with models both female and male of all ages and looks. If you are under 18 you must be accompanied to the shoot by a guardian and your guardian must sign a minor release waiver.
