Ladies, do you want something extra special to give to your significant other? Maybe something to tease your groom before you head down the aisle? Or even something just for you to show off your inner sex kitten? Lost weight recently and want to show off your new body that you're proud of? And do you want it all done tastefully and not trashy? I can make that happen for you!

My boudoir sessions are \$225.00 per hour (Each additional 1/2 hour is \$50.00) You may add on professional hair and makeup (+ lashes!) for \$50.00. \*Ask about how to receive hair and makeup for FREE!\*

You will receive 20 fully edited photos on a disc with printing rights. Extra photos may be added on for an additional fee. I offer both indoor and outdoor sessions. I also have a secluded location I use for my outdoor sessions, but if you have a certain place you'd like to do them at, I'm open to suggestions! I do my indoor ones in a private room in my home. I am willing to travel to your home as well, if that makes you more comfortable.

I also offer family, engagement, child/newborn, senior portraits and maternity sessions.
