Muse n.: The Muses in Greek mythology are the goddesses or spirits who inspire the creation of literature and the arts.

amusing v. : to entertain or occupy in a light, playful, or pleasant manner

Hello Craigslist,

I am a bay area photographer seeking someone interested in working with me regularly to inspire, explore both her creative ideas and mine, and experiment with lighting and settings. I am not new to photography, and I can shoot on location anywhere in the bay area. I am in search of someone who can work with me once a week or once a month; but on a regular basis and wants to try out ideas in a relaxed and fun atmosphere. Just like everything else in life worth doing, it requires exercise and practice to become better. I wish to experiment with ideas and lighting techniques while working with someone interested in experimenting with different looks and poses to perfect her abilities. This is an opportunity for experienced models to try something new and add to her portfolio or someone new to modeling, to learn in a fun and relaxed.
