You will see a lot of ads on Craigslist for Plumbing and most of them are not even licensed. Handyman advertisers are not allowed to do plumbing unless they hold a Masters License. A Journeymans License is not enough...Make sure you check that first to protect yourself and your property Performing or OFFERING to perform plumbing, electrical, HVAC and/or Low-voltage services is ILLEGAL without a GA State issued Master's-level license. Doing so can result in fines for unlicensed workers and those that enable them to practice without a license.
