I currently have two part-time openings for T/Th, or I could take a child Thursdays only, age 18 mos+.

I will have two full-time openings starting in May, for a child age 2+.

This home daycare combines all that a parent wants and a child needs: full preschool curriculum, a scheduled day with time for free play and social skills learning, and a licensed and safe home with a loving, experienced provider. Our play area is center-based (centers include dress-up area, fine motor table, building, transportation, kitchen/dramatic play, reading, and craft area) in our finished walk-out basement. The outside is fully gated and locked, with appropriate climbing equipment and ride-ons. I have been Colorado-state licensed since 2005 (lic# 1535488).

Our typical day consists of:

- * Daily circle time with books and singing.
- * Arts and crafts with lots of fine motor skills development.
- * ABCs and 123s integrated into daily play and circle time.
- * Healthy meals: breakfast, lunch & snack served with organic milk.
- * Daily play in our large, gated backyard with water table, play house, and learning games.
- * Once a week, we either do the Music Man (lessons teach rhythm and offer exposure to musical instruments and song), or Yoga Lady.

I love what I do. I have a great group of kids, currently age 1-5 years. I send email updates to parents daily, and send photos often. I consider excellent communication to be a must in this job.

For daily schedule, menu, photos, and references, see my web site at: <http://littleenginedaycare.com/>
