I am looking to adopted your unwanted tortoises and certain types of water turtles. I have indoor enclosures for the winter and out door enclosures for the summer. I have over 22 years experience with tortoises, box turtles and certain water turtles.. I will pay a small rehoming fee depending on what you have. Feel free to text or email with what you have, pics, asking price, etc. Thanks NOTE: I am unable to take in native box turtles at this time. I am also unable to take in any more Red Eared Sliders unless they are under 4" in length.
