

Looking for DISHWASHERS to Join Our Team (Denver Tech Center)

Location **Colorado**
<https://www.genclassifieds.com/x-280028-z>

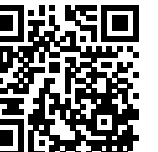

The dishwasher plays a vital role in any hospitality/food service business. We are not looking for just a body to fill a spot. We want someone who has a team-first mentality, works well under stress and takes satisfaction in putting in a solid day of work. We need people who have reliable transportation, are punctual and above all are **DEPENDABLE**. This is a very physical job--one must be able to lift a minimum of 50lbs and work on your feet for long periods of time. Good hygiene is also a must--cleanliness and personal grooming are important in any kitchen setting.

You do not need experience--just the right personality and attitude. On-site training available.

We offer flexible schedules and weekly pay! The position will start as part-time, but could grow to a fuller, longer-term opportunity for employees who exceed our expectations. This is a great position for a student or someone with minimal hospitality experience that would like to get their foot in the door.

We are looking to bring on a couple team members **IMMEDIATELY**.

To apply, visit www.lgcassociates.com and submit application and/or resume. We will contact you for interview.
