Shelby is a petite girl with a silky coat. She is all ebony and soft and cuddly. She is maybe a year old.

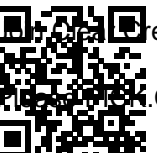

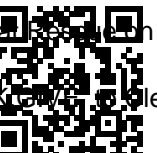

Shelby is a lovely, loving little girl. She has been through a lot. She somehow ended up at the Kenai shelter. She was sad in the cage and just huddled in the corner so no one adopted her. Now in a foster home, Shelby is starting to show how sweet and affectionate she is. She loves to be cuddled and pet. She is very thin and needs a loving family who will help her put on some weight and feel happy about life again. She is just fine with the other nice cats in the house. And with kind loving people she is a little dream girl, purring and snuggling up close. All she needs is love and care and she will blossom into the beautiful flower that she wants to be. And when the weather is nice again, she would be happy to go outside in the yard with her family and play in the sun.

She is in a foster home in Wasilla.

She is spayed, vaccinated and microchipped. She can be adopted to a loving family for \$60./ She will come with our 10 day money back guarantee and our promise that we will always take her back as space allows. She will NOT be adopted out to be declawed.

To meet her, please call Judy at 980-8898
