Hello, my name is Tonia. I have been a resident of Bellevue/Papillion since I was 16yrs old. I am in my 36th year and with my husband I have distributed my part time job and in the last 10yrs as a daycare worker in the Kosovar area. He retired to start a family business. He was a police officer and was honorably discharged. We have 4 children. I worked there for 14yrs. I loved my job and grew my own special relationship with my children. I had a hard time because I could not take daycare days always working with children and children have always bonded well with me. I live by a few daycare "centers" but my husband can't afford his rates and the "centers" were "IN" some "were" full, so he thought to myself "if my neighborhood could use an In-Home daycare I try to stay home enough for my own working family but help put food on my table as well.

I opened up my daycare on 7-1-2011. I have 4 extra years of experience with child care. I have lots of references. I am a head and organized person (All the toys are sanitized every Friday).

I only will care for up to 4 children in my home. I have room for one on one time with your child (summer

I will give your child or children a safe, friendly and educated environment. (Unfortunately I don't offer a preschool program. I am enrolled with the ABC Mouse.com program. However your child/children will still be engaged in many learning activities)
