My name is Simba. I am a three year old blue lilac point siamese. I am neutered, up to date on my shots, and microchipped. My current family has multiple cats and I would rather be with one other cat, especially if she's a lady. I love laying by the fire, cuddling, being with my family. Oh, did I mention I love human children. I love, love catnip. I can get a little crazy. I also like toy mice, scratching posts, and sleeping under the covers. I have a small rehoming fee, but I promise I'm worth it. Thank you for taking a look at my handsome.
