We have jobs! Earn 500.00 for 5 hours. Our models make big money. Once you progress into doing Gold Shows, you set your price. Clients pay do watch you perform. Here's a tip. Prime hours are evening hours. Our models make 50.00-100.00 a hour once they start doing Gold Shows.

If your outgoing, sexy and can carry a conversation, gives us a try. If you're willing to do the work, you'll make more money in one evening than most make all week.
