

Need experienced Siders

Location

Minnesota

<https://www.genclassifieds.com/x-281029-z>

I am in need of several people who have experience with metal siding. This job will involve traveling mainly in North Dakota and Minnesota, but that may change. Right now we are in Grand Forks and Minot working on 900 unit apartment buildings. You may be up on a lift while siding and must be ok with following all of our safety protocols at all times.

You would be traveling 5 days a week and home 2-3 days depending on work load. Flexible days off are ok as long as they are communicated ahead of time. A driver's license is preferred but not necessarily required.

I need someone who is reliable and is not afraid to work hard!! We have a fun and positive environment to work in. Work should be enjoyable and I need someone who wants to be there!

I've got year round work and lots of opportunities to grow so if you're looking for a job you can stick with this is it. I have worked lined up for the next 5 years and more coming. If you're looking for something just for a couple months, we can work with that too!

Lodging is paid for wherever we are working. You will get paid weekly and dependably.

Give me a call and we can.
