100% completely original, restored 1985 Honda 250r ATC. New plastics and seat cover for as new as possible condition. Old plastics and seat cover in great shape and are included. Every nut and bolt polished. Frame, Swing Arm, all miscellaneous parts and brackets are powder coated to original colors for most durable and presentable finish. All new seals, bearings, swing arm bushings... nothing untouched, nothing overlooked, no expense spared to complete to original with the best possible finishes available.

This bike is 100% complete down to the last detail, chain guards, skid plates, fork boots, tool box, etc. All original and all there! I searched for years for the right bike in the right condition to restore...
