

2005 polaris fusion 900 (1800 USD)

Location **New Hampshire**
<https://www.genclassifieds.com/x-282285-z>

05' fusion 900 for sale or trade. Motor has one bad piston and cylinder was runing awesome before it went, has 4200 miles. Has all updates and recalls since new, can be proven through polaris. Just had a new gas tank put in it a month ago due to a recall. Motor is completely stock with a MBRP can. New 1.5" track last year (500miles maybe) just put the wrp moutian boards on, 4" handlebar Riser, switchback seat, hand guards, skid/bash plate, short shield, has reverse, heated thum and hand grips. I will fix it if the right offer isn't there. Looking to see if any one had anything good to trade? 1800\$ is reasonable, there are 1500\$ in parts of recently put on alone. Machine looks new, I've taken very good care of.
