Safe and sound rehearsals and recording, JUST across the bridges.

Audio Alley (formerly AFML Studios) has the largest room in the SJ/Philly metro. Sure, other places have large rooms. But you're going to pay between \$50 and \$100 an hour for that convenience.

We charge \$20 an hour. Why? Why not. We believe you'll enjoy the sound quality in our large room. We don't have to charge a lot, cause when you come check us out, you'll make our home, YOUR home.

Full room PA, multiple guitar cabinets, full drumset, bass and keyboard setups - we make it easy for you; walk in, plug in and play. Need help? An engineer will be there to assist you. We don't leave the building. If you need us, we're out of sight, but right there to help.

Want an AWESOME room recording? Can do. \$10. Want Mp3s? Bring your own Jump Drive or USB stick.

We also do magnificent multi-track work. \$35 an hour OR, if you book 10 hours up front, its a flat \$300. You split up those hours however suits your schedule.

If you decide you like our place, we do offer a discount for paying the month up front - \$20 off the month, AND since we bill for a 4 week month, whenever there is a 5th week, you get that rehearsal gratis - NO

CHARGE. That happens 4x a year. You can deal with free rehearsal time, right?

 <p>1 week, 4 hours = \$140</p>	 <p>2 week, 4 hours = \$220</p>	 <p>3 hours week, 4 months = \$300</p>	 <p>More than 4 hours a week?? Hell, owner Steve will tune up your band vehicle and change the oil!!!! (sorry dude...)</p>	 <p>Another place about our place; our band vehicle safe. Pitman has 2 cops, and they're out LOOKING</p>	 <p>There Goes that Rehearsal Studio Again</p>
