

NEED WELDER HELPER (DFW)

Location **Texas**
<https://www.genclassifieds.com/x-283908-z>

I am needing a welder / helper for several upcoming jobs. This will start as part time but if you fit in with the scope of work we do then it can easily turn into a full time gig.

What we do:

We build iron stair cases, hand railings, iron fences and gates and all kinds of random metal fabrication jobs for high end custom home builder in Dallas.

Requirements:

- * Must speak english. I am not bilingual so we need to be able to communicate
- * Must be able to read a tape measure down to a 1/16" of an inch
- * Need some sort of welding/fabrication background (mig,tig or stick but we mainly do mig welding and occasional stick welding on site.)
- * Need reliable transportation and a good word ethic
- * You will be tested on mig welding and reading a tape measure so if you cannot pass one of those with confidence please do not waste both of our time.
- * Hourly rate will depend on your skill level and knowledge of metal fabrication

Please email if you are interested and a brief description of jobs you may have had in the past similar to...
