Hi I have 2 adorable puppies left out of a litter of 7. They are a mix of jack russle, beagle, lab, and pitbull. The mom is a jack Russell mix beagle and the dad is a lab mix pitbull. Both parents are very friendly. The puppies have been raised around kids, they are super friendly, playful and adorable. Both puppies are male. They are 9 weeks old and have been given their first shots. They are currently eating solid puppy food and water. I want the best homes for these puppies so if you think you can provide a great home text me at
