I need some help getting my house back after I let a "friend" watch my house while I had to deal with a family emergency. I was supposed to be gone 6 weeks but ended up coming home after 4 weeks and didn't tell them I was returning. I came home to a big mess.

I'm not sure what happened but they left a disaster in the room I let them stay in.

I need trash removal and the walls and carpet cleaned. It's just one room 12'x15'. I bagged up most of the trash (3 kitchen bags and some wood) but at this point I'm so upset I can't deal with it. I need to have it back in great condition so my kids can have the room again.

Please email me and let me know what you'd charge for this. I can either do cash or trade or a.
