I have a large metal Dog Crate in good solid condition. The measurements are 48 inches long, 32 inches tall, and 28 inches wide. It is black in color and shows a little wear but rather than cover it with a new coat of spray paint I would rather show it's true condition which is very solid with a small amount of wear. The crate has the removable Black plastic tray that slides into the bottom and 2 clasps securing the door, not just one as in many of the other cheaper.
